Snohomish County - Executive

Dave Somers

(Prefers Democratic Party)

I'm endorsed by the Everett Herald and Seattle Times; Democrats and Republicans; local environmental, labor, and business leaders; community and education advocates; local mayors, county officials, and many more.

They know I will bring much needed fiscal responsibility and competent management for taxpayers – and they know I have a proven ability to work with everyone to get things done.

As Snohomish County continues to grow rapidly, my priorities include:

- Addressing our traffic congestion and transportation challenges
- Ensuring safe neighborhoods
- Promoting economic growth
- Protecting our environment and quality of life
- Restoring fiscal discipline and strong oversight to county spending

The Times wrote: “Somers is a seasoned public official with an ability to both bridge ideological divides and to stand on principle when necessary. He would step quickly into the executive chair.”

The Herald wrote: “...the County requires an executive with Somers’ years of budgeting skill. As well, the office would benefit from the knowledge Somers has in the economy, the environment, growth issues and transportation.”

It has been my honor to serve you on the County Council for 14 years. I ask for the opportunity to be your next County Executive. I ask for your vote.

Marty Glaser
(Nonpartisan Office)

The assessor’s job is to appraise property for tax purposes.

For many years the assessor’s position has been filled by someone who has little or no experience in property valuation.

Since assessed taxable values rose continually for many years, specific knowledge of appraisal practice may not have been necessary to guide the staff as long as the statue quo remained the same.

In 2008 however property values plummeted, but assessed values continued to increase until 2010 before the assessor finally recognized that “all sales make up the market”.

That mistake caused many mortgage payments to inflate beyond what people could bear and thus contributed to the foreclosure of many homes.

Therefore, I believe its time for a change! The next assessor must be an experienced appraiser who is able to quickly recognize the changing market and adjust values accordingly.

I have been appraising real estate in Snohomish County for 30 years. My goal is to make sure everyone only pays their fair share. Correcting inequities and keeping you informed about tax issues and market trends will be my priority so you will not be surprised when your tax statement arrives.

Let’s make a positive change! Vote - Marty for Assessor!

Snohomish County - Clerk

Sonya Kraski
(Nonpartisan Office)

For more than 30 years I have served Snohomish County citizens in the Clerk’s office, the past 8 years as your elected Clerk. Under my leadership the Clerk’s Office staff has continued to provide excellent service, identified and implemented cost-saving mechanisms, and consistently operated under budget in spite of unprecedented cutbacks. During these last 8 years my notable achievements have included:
1.) Implementation of technology that allows jurors to respond online;
2.) Adding online payments to increase flexibility for customers;
3.) Improved Clerk’s Office website services;
4.) Posting of court calendars online; and
5.) Providing electronic access to court records via the State’s Digital Archives, plus an optional subscription-based service.

During the next 4 years I will build upon these accomplishments with the implementation of a new Case Management and Document Management system, followed by e-filing of court documents. I will continue to seek new and efficient ways to serve our citizens, while prudently managing taxpayer dollars that have been allocated to the Clerk’s Office.

Snohomish County Charter Review Commissioner - Council District 1

John Koster
(Nonpartisan Office)

My name is John Koster. I am a former business owner and have served 6 years in the State Legislature and 12 years on the Snohomish County Council.

The Charter Review Commissions task is to examine County government function and interaction with its citizens. The Commission will hold public hearings and consider recommendations to improve the function of County government. I believe it is critical that members of the Commission have experience in the way County government is supposed to work.

I have served the citizens of Snohomish County on the County Council for 12 plus years and am familiar with the County Charter. Last year I established the first ever County Ombudsman's Office while simultaneously serving as the Ombudsman. The Ombudsman receives complaints from citizens regarding administrative decisions, as well as provides information and assists citizens through complex processes at the county. I believe there is room for improvement in the way County government functions. This knowledge and experience, along with good solid input from our citizens, will help to ensure that any changes to the charter suggested by the Commission will make our County government work better in the future. I would very much appreciate your vote.

Have you ever wondered why our County Executive and County Council races are partisan?

The County Assessor, Auditor, Clerk, Sheriff, Treasurer, and Charter Review Commissioners are all non-partisan. All City and Town Council, Mayor, School District, Fire District, Water/Sewer District, and Hospital District elections are also non-partisan. Even in neighboring King County, the County Council and County Executive positions are non-partisan.

But our Executive and County Council races are partisan, and this year, in the General Election, these partisan races on the ballot have all indicated a preference for the exact same party, defying the reason behind having partisan races in the first place. My proposal is to transform these into strictly non-partisan races, to be consistent with our other countywide positions.

Feel free to contact me if you have any questions or if you want to provide input on the many issues we face in Snohomish County.

I feel it is important to do all that I can for the community, and am currently serving on the Marysville Library Board. I would be honored to be able to serve as one of your Charter Review Commissioners, and would appreciate your vote.

(Nonpartisan Office)

Snohomish County has been my home my entire life and my children and grandchildren call it their home, too. Because of my concern for our quality of life, I have been involved in civic and community activities. I have devoted time attending County Council meetings to stay current on key issues that impact the people of Snohomish County. I go the extra step and meet with county officials to express my concerns. Because of my involvement with local issues, I was appointed to the 2012 non-partisan County Re-districting Committee.

I want to make a difference and ensure we practice good government in our County. I want to make certain we have a county government that serves the needs of its people. My strong interest and extensive experience as a citizen-activist makes me be a valuable asset to the Charter Review Commission. I will focus on the needs of our community and present intelligent, thoughtful changes to create an even better Snohomish County.

I am endorsed by:
Kirke Seivers, County Treasurer;
Dave Somers, Chair, County Council;
Kirk Pearson, 39th District Senator;
Dan Kristiansen, House Minority Leader;
Ken Klein, County Council;
Dave Hayes, 39th District Representative;
Dave Gossett, Retired County Council.

Charter Review Commissioners are tasked with reaffirming legislative powers as separate from the Executive. I believe the people are served best by a responsible and responsive county government, which can only happen when the people first set forth their values, expectations and needs. I bring my longstanding commitment to the local community, including appointed service in the City of Everett, ADA-access consulting, civic engagement, and as an advocate for human and civil rights. A little different from most deeply entrenched elected officials, my view is grassroots. As a downtown pedestrian and public transit consumer, traveling around Everett and the Puget Sound area, I encounter what others don't who view life from busy lanes of traffic. This perspective cannot be overlooked as Snohomish County increases its population, continuously develops with an eye toward the future, and incorporates a diverse citizenry in charting our course.

Bringing clarity to the existing charter, infusing it with the people's perspective, and ensuring our county works for all of us, are the responsibilities of the charter commissioners. I ask for your vote. Endorsed by the 38th LD Democrats & Snohomish County Democrats

I am Marian Harrison.

I am a Snohomish County native, who has lived almost all my life in rural Snohomish County, I am running for the County Charter Review Commission, because someone who really knows Snohomish County should be the voice for the County. I can truly tell you of the many changes that have occurred over the years. I have seen what building, loss of animal habitat, logging and loss of timber, has done to rural areas. Water has become a premium commodity. It is a big concern and must be carefully conserved.

I was born here, live here, worked here and have tried always to work for community. I have a long history of working to better conditions in Snohomish County. I will always work with others to this end.

At this time, not all people are protected under the Snohomish County Charter, I think this is wrong, and I will fight to ensure we all have equal protections under our Charter. Also, a transparent government is a value of high importance to the people of the great county, and it's a value that I will preserve. I will ensure that our Snohomish County Charter encourages we have the most experienced elected officials in government. With a county that is expected to grow 25% over the next 15 years, the experience of our elected officials is paramount for protecting the environment, guaranteeing sustainability and defending the county's beauty that we all enjoy. With your vote I can preserve these values, and together we can work to ensure this county continues to be the most attractive for businesses and the people.

I believe the most important purpose of government is to protect individual liberty. Each person should be free choose their own path, and pursue their own happiness, without interference from government or those that want to harm them. I believe that government exists to do as the people tell it to; it does not exist to tell the people how to live their lives. I hope to collaborate and problem-solve with the other individuals elected to review the charter, and work towards a charter that more reflects these principles, and improves the transparency and accountability of the County Government. I will never compromise my core principles, but I will respect and make every attempt to work with others who may have a different set of principles. I'm excited about the idea of shaping the Charter of our county, and I would be honored to have your vote.

Snohomish County is doing well in many ways but we know a dramatic increase in population growth is inevitable and that any changes made to accommodate that growth and prepare us for its impacts must be made wisely. Voters have many choices for the Charter Review Commission. There are 17 candidates for this position, only three will be chosen to represent you during the next year to look over and update the County Charter—the foundation of county government. This position requires thoughtful people without a preconceived agenda. It also requires the ability to work together with others.

My background, education and training are perfectly suited to this role. I have fought for worker's rights, women's rights, those that have been marginalized by life circumstances and the rights of people with disabilities. I want to hear everyone's voice at the table. Snohomish County Charter Review Commissioner - Council District 2 (continued)

Dick McManus
(Nonpartisan Office)

I am Democrat. There is no such thing as non-partisan. By filing for public office as non-partisan the candidates are lying. The voters want to know which party the candidate supports and how she/he votes when it is Democrat or Republican. If they say they are an independent voter who votes for whoever, that tells me the non-partisan candidates for County or local offices always want to be politically correct. I want to vote for a leader who stands for something and is honest about his/her plans for a better future.

I want to add two more county districts (not adding any elected by at-large seat). I support ending term limits.

I support instant run off voting, that is, citizens vote for their first, second, third and etc. choice for the pubic office. If their first choice does not get a majority of the votes, than their vote for their second choice gets to be added to round two, until a candidate gets a majority of the votes.

I believe all local candidates should answer questions about national issues because the answers go right to the heart of who they really are.

I was born and raised locally and from a very young age, my parents taught me the importance of making your voice heard. That is why I got involved in my community and eventually ran for office. I am running for Charter Review Commissioner because I think it's time that county government listened to our community. We have said over and over again that we don't want commercial flights at Paine Field, but they don't listen. I will push to ensure more public input before our quality of life is damaged.

After many years serving our community, I want to put that experience to work to help stop the dysfunction in county government. They can learn from the way we work in Mukilteo: we listen to everyone, respect one another, and focus on getting things done for the people.

My supporters include County Councilmembers Brian Sullivan and Stephanie Wright. I ask for your vote.

Elected Experience: I proudly served as a Mukilteo City Councilmember for ten years. Today, I am honored to serve as Mukilteo's Mayor; it's the best job I've ever had.

Education: I'm a Kamiak graduate, received my BA from New York University, and a Masters in Urban Planning from UW.

I’m running for the Charter Commission because good government is best nourished by new ideas.

Are you uncertain who to vote for in this race? It may help to know me by the organizations I’ve been part of and the people who support me.

I’m the Secretary of the 21st Legislative District Democrats. They have endorsed me, as has Mukilteo Mayor, Jennifer Gregerson, one of the District’s most respected Democrats. I’m a safety professional in the utility industry. My professional and volunteer work has garnered me decades of experience researching laws and writing policy. I’m a progressive policy wonk.

My ideas include expanding disaster response resources through voluntary mutual aid agreements amongst governmental agencies, to allow all government entities to respond. Creating mandatory diversity reporting to ensure actual EEO hiring, strengthening ethics in government by expanding ethics oversight and eliminating the need for term limits by creating seven smaller council districts.

I am asking for your vote. Thanks!

As your Mayor I have seen our community grow in population, in economic development, and in strength during the aftermath of a major natural disaster. It’s been my privilege to guide our city through these challenges and continue moving forward together.

We are now on a financially sustainable path. Our budgets reflect expenses that live within our means; we have defined a 10 year financial plan, begun the replacement & maintenance of aging roads, Fire & Police equipment & acquired the funding to widen 172nd. Our streamlined permitting procedures have become a model for our region.

We developed tools for our Police to fight challenges created by alarming drug use & related crimes. We met these issues head-on with internal reorganization, crime prevention & community policing programs.

My goals for the next four years include:

- Continue the restoration of our City’s financial health;
- Enhance public safety, work with regional service agencies for resources;
- Economic Development; market our City and attract new business;
- Balance our growth, respecting residents, businesses & Arlington’s core values.

We made major progress over four years. With your support, I will continue the leadership necessary to move forward together. I ask for your vote on November 3rd.

What happened to Arlington’s Quality of Life? Now, more than ever, Arlington needs a moderate non-partisan voice. A voice that advocates for safe neighborhoods by supporting Police and Fire Departments, actively supports local businesses, vibrant downtown and Smokey Point business districts, and clearly promotes job creation. A voice that speaks up for Arlington’s environmental heritage and distinct community values, while advancing economic policies.

Economic growth is essential, we must attract new businesses while making sure our current businesses are given the assistance they need to prosper. Transparency and accountability need to go hand-in-hand when dealing with our citizens tax dollars.

I have the maturity, experience, and common sense to provide quality leadership, and ask for your support in November.

I will tirelessly work for transparency, fiscal responsibility, and common-sense ideas to meet the challenges that confront our city... jobs, infrastructure, affordable housing, and the homeless.

I will make sure that the Airport and Industrial Center are in good standing and in line to receive millions of dollars for needed infrastructure.

I will support all those programs that have shown success in working with the homeless, getting them off the street and into a safe place. I will promote incentives for homeowners to invest in accessory housing. This will help provide affordable housing for those making wages that don't cover conventional housing costs.

I will aggressively initiate grant-funded projects that will revitalize old-town Arlington with new residents and businesses.

Finally, if the fire department is eventually regionalized, I will work to protect the rank and pay grade that Arlington officers have earned and deserve to have.

Town of Darrington Mayor

Daniel Rankin (Nonpartisan Office)

We have made great strides toward improving our infrastructure. Our roads, water system and parks have received much needed upgrades. However, to ensure these improvements continue, we need to maintain strong relationships with granting agencies and partners from down below. In the last 18 months we have seen how working together can make a difference. For example, we have launched the Glacier Peak Institute, working with our school district to support curriculum in outdoor recreation, environmental studies and forestry. Partnering with Arlington, we received a federal grant to create a strategic plan to support economic growth throughout the Stillaguamish Valley. We are America's Best Communities quarterfinalists, an innovative grant that promotes economic growth. We have created the Darrington Collaborative, a partnership between community members, tribes, educators and conservation groups to get jobs back in the woods. Other future projects include a new skateboard park, 20 miles of DNR-funded mountain bike trails on North Mountain and 28 miles of Whitehorse Trail, due to open next year. As Mayor, I will strive to keep this momentum going, bringing home the projects that make our community strong and vibrant.

My name is Mary Requa and I came to Darrington as a first year teacher directly out of college. Darrington is and has been a great place to work, play and raise my children. Because of all the great experiences and relationships that have come to me from living here, I feel I need to give something back to this community. In order for us to continue as a community, we need to encourage small, environmentally sound businesses, and we need to continue to keep the highway in excellent condition for our commuters. We need to find creative ways to fund law enforcement, youth activities, and town maintenance.

I have been active in education politics, and have served as a Town Council member for four years.

I am an active member of my church, and have worked at the local Food Bank for the past 10 years. In past years I have volunteered at the Elementary School. I have been treasurer and am currently secretary for the local Senior Center.

City of Marysville Mayor

Jon Nehring
(Nonpartisan Office)

It has been an honor to serve as Marysville’s Mayor these past 5 years. We have accomplished much while facing some real challenges together, and are charting the course to an even brighter future.

Our city’s finances are healthy. Under a disciplined spending philosophy we have paid down debt, established solid reserves, and now operate from a position of strength.

Funding new Officer Positions and a robust crime fighting strategy have led to a significant drop in crime.

We have significant transportation accomplishments including the 51st Avenue connector and current widening of State Avenue between 116th and 136th. Additionally, funding is secured for future interchanges at I-5/ Highway 529, 116th, and 156th through the recent state transportation package.

Some priorities:

- Continued progress towards revitalizing our downtown/waterfront
- Lay groundwork for a family wage job’s base
- Supply all of our own water allowing for rate stability
- Continue progress in cleaning up Marysville and enhancing its image
- Continued accessible, responsive, and accountable government

I would appreciate your vote.

I’m proud that Marysville has been my home for over 30 years. The community I grew up in has transformed into one of the largest cities in Snohomish County, bringing with it both challenges and opportunities.

As a business owner, I understand the hurdles existing businesses and entrepreneurs face. As a father, I understand the need for quality of life and safety in our community. And, as a Marine and veteran of Operation Iraqi Freedom, I know the importance of serving my country and my community.

In the last four years, I’ve led efforts to strengthen local and state investments in our roads, parks and public services. In doing so the city has improved police staffing levels, built a new downtown spray park and remained financially responsible.

I’m committed to:
Public Safety. Strengthen services and increase community outreach.
Economic Development. Attract new business investment, add family wage jobs and grow responsibly.

Infrastructure. Prioritize investment to grow our economy and improve our roads.
Finances. Ensure accountability and sustainability.

Four years ago I was honored you elected me to serve. Once again, I ask for your support to continue to serve our great community!

City of Marysville - Proposition No. 1

Ballot Title

Advisory Vote

Should the Marysville City Council prohibit the possession, sale, and discharge of fireworks within the City limits of Marysville?

Yes
No

Explanatory Statement

Under state law it is legal to discharge consumer fireworks in conjunction with the Fourth of July and New Year's holidays. It is also legal for persons licensed by the state and city to sell fireworks during those times. State law provides that a city may prohibit fireworks within its city limits, but that such prohibition would be effective no sooner than one year after the adoption of the prohibition by the City Council.

This is a non-binding advisory measure to give each voter the opportunity to express his or her opinion as to whether fireworks should continue to be permitted in the City of Marysville. A “yes” vote supports banning fireworks in Marysville. A “no” vote supports leaving the law as it is.

While the City Council may consider the election results in formulating its policy toward fireworks, the results will not change the law.

Argument in Favor

Prohibiting fireworks in the City of Marysville is the conscientious and considerate thing to do. Fireworks are a major cause of unintentional fires, particularly during the summer when grass and foliage tend to be very dry. These fires can devastate homes and wildlife, and drain emergency resources.

Fireworks are also associated with a high risk of injury and even death. Not only can fireworks-related injuries have lifelong repercussions for those affected, the sudden influx of patients in emergency rooms around the Fourth of July and New Year's Eve puts a great deal of strain on ambulance services, emergency room staff, and hospitals.

Yet another issue with fireworks is the effect they can have on people with PTSD, epilepsy, and other conditions. The sounds and flashing lights that accompany fireworks can trigger panic attacks, hallucinations, seizures, and other symptoms in people with such conditions, and the effects can be catastrophic.

Finally, fireworks are often distressing to our pets, who all too often attempt to flee the sounds by running away from home. Unfortunately, this puts them at risk of being hit by cars or getting lost. As a result, animal shelters tend to become overcrowded around the Fourth of July and New Year's Eve.

Please consider the risks and benefits associated with fireworks. Are the few minutes of entertainment fireworks provide really worth risking fire and serious injury? Furthermore, should we really be celebrating our nation's independence in a way that causes substantial distress for many of our veterans?

I am running for this office because I believe Stanwood has a great future. We are now seeing some growth in new businesses. We are also experiencing overwhelming community support, i.e., our new YMCA. With such amenities our community will be a desirable place to live in the future. My hope is that we can build and create more sustainable growth. One issue that will be a challenge is our historic area in west Stanwood. I believe we need essential flood mitigation to protect that area. We cannot just write it off and give up on it. Our past is important to our future. There our plans in the works with new technology that is now available that will give us smart flood control policies. I ask for your vote so that we can share this future together.

City of Stanwood - Proposition No. 1

Ballot Title

6-year Levy Lid Lift for the Retention of Fire/EMS and Police Services

Resolution No. 2015-16 concerns voter approval of the following proposition:

For fire/EMS and police services, this proposition would increase the regular property tax levy for a 6-year period, to a rate of \$3.10 per \$1,000 assessed value for collection beginning in 2016; and for ensuing years set the limit factor at 106%. The 2021 levy amount will be used to calculate subsequent levy limits.

Should this proposition be approved?

Yes
No

Explanatory Statement

Proposition 1 authorizes the City to raise funds specifically for fire/EMS and police purposes through an increase in the City’s regular property tax levy. These funds are necessary to pay increased costs of basic fire/EMS and police services and thereby to maintain the current level of fire/EMS and police services in the City.

The proposed change in the regular property tax levy will result in a total levy rate not to exceed \$3.10 per \$1,000 assessed value for 2016. In years 2017 to 2021, the levy amount would be limited to 106% of the previous year’s levy amount. The 2021 levy amount would be the base rate for years after 2021. The City’s levy rate for 2015 is estimated at \$3.05424026 based on a City wide assessed valuation of \$687,073,356.

The proposed change in the regular property tax levy rate for 2016 is estimated at 16 cents per thousand over the rate for 2016 without the increase. The proposed change is estimated to increase the amount collected on a \$300,000 home in 2016 by about \$48 or \$4 per month. The change is projected to generate \$117,000 in increased revenue to the City for 2016 for basic fire/EMS and police services. The proposed regular property tax levy increase in years 2017 to 2021 will be limited to 106% of the previous year’s levy amount. The 2021 levy amount will be the base rate for the regular property tax levy in years after 2021.

Argument in Favor

The City of Stanwood currently contracts with the Snohomish County Sheriff for police service and North County Regional Fire Authority for fire and Emergency Medical Services. These contracts provide the economy of scale to be able to provide the quality emergency services that the citizens of Stanwood have come to expect.

The voters are now being asked to raise the property tax levy to \$3.10/\$1,000 assessed value for six years. On a \$300,000 house this would translate to \$46.50 increase per year until 2021. This increase can only go to public safety. Since all City budget going to public safety is from the general fund, a failure could mean cutting the budgets for streets, parks, sidewalks, economic development to back fill public safety costs. The other option could be to increase response times, policing coverage, and public outreach now provided by Police and Fire.

The City of Stanwood has built a quality safety system. Please vote yes to ensure that our growing community is a safe and healthy place to live.

Arlington School District 16 Director District 1

Jeff D. Huleatt
(Nonpartisan Office)

It has been an honor to serve the Arlington School District as a School Board Director for the last 12 years. While we have made significant progress in serving every student, every day, there is still much to be done. Each student comes to us with different goals, different abilities, and different needs and challenges which must be met daily. While we must continue our efforts to work as a collaborative team in presenting the materials to be learned, we must also focus on engaging and motivating each student to be an active learner.

My goals are to continue to improve graduation rates and overall student performance, to more actively engage each student and their families, to continue to build a stronger, more effective team of administrators, teachers, and other school employees, and to be a good steward of taxpayer investment at the same time.

Year after year, Arlington Public Schools continues to exceed State and National averages for a variety of academic and cultural achievements. While we are faced with new challenges from the state and federal government in shrinking budgets, unfunded requirements, and increasing expectations, our students and staff continue to perform their duties with pride and excellence. The District is constantly pursuing a Guaranteed and Viable Curriculum that will enable our students to effectively compete and succeed in the work-force as well as post secondary education after High School graduation. We have increased our offerings to cover a wide array of educational opportunities, we are constantly evaluating programs to meet the needs of “every child, every hour, every day.” As for the next four years, I plan on working together with the other members of the Board and District, to increase academic standards and position our District to meet the demands of ever increasing expectations of our students. I deeply feel that to be effective as a Board member I must continue to bring in the “common sense approach” to the business meetings that I have displayed in the past twelve years.

(Nonpartisan Office)

Four years ago I ran for the Marysville School Board with the purpose of connecting community with the School District. In the last four years the board has worked diligently to create transparency, and involve the community in major decisions for our students and schools. During this time Marysville has chosen a new superintendent, and included over 100 community members in evaluating and soliciting feedback from the candidates. We have adopted a new strategic direction which included over 300 community members in its' creation. We now utilize online surveys to determine satisfaction levels with the district, and to help us determine next steps as with our MP cafeteria decision. We will now focus our attention on building systems for improving student learning. Together we make Marysville stronger.

I am running unopposed for a third term as School Director for Stanwood-Camano School District where I have been Vice President since 2008. I am a parent and grandmother, a 34-year resident of Camano Island, a 25-year professional registered nurse at Skagit Regional Health in Mount Vernon.

They will be the teachers for our grandchildren. They will be our community and business leaders, farmers, and on and on the list goes. Providing fiscally-responsible quality public education is our duty, and I take that responsibility seriously.

Fire District 21 Commissioner Position 2

In November of 2014 the present leadership of Arlington Heights Fire District No. 21 proposed over a whopping 100% increase in the district's tax levy. Thankfully, the voters overwhelmingly rejected this outrageous proposal. However, this proposal revealed how seriously the fire district stands in need of a change of leadership. November of 2015 is the voters' first opportunity to elect new leadership who will restore common sense to the management of the district. I have lived in the Arlington Heights area for 52 years. I have served in the U.S. Navy, and as a school board treasurer for Masters Touch Christian School. I am currently a Snohomish County planning commissioner and for 35 years I have managed my own heavy construction business. I would appreciate your support in managing your volunteer fire department.

Thank you for your support.

I have served this community as a Volunteer Firefighter, Emergency Medical Technician, and an elected Fire Commissioner.

After being elected to a term as a Fire Commissioner, we have accomplished many great things in this time. The fire station is staffed 7 days a week with a crew during daytime hours due to volunteer firefighters being out of the area at their regular jobs. Improvement has been made to all areas of our operation including training, preventative maintenance, policies, and deployment of personnel and apparatus to emergencies. Partnerships with neighboring fire districts have provided our community with cost effective ways to have 24/7 Duty Chiefs, a shared Training Officer, Medical Services Officer, and District Fire Chief, thus reducing costs and increasing efficiency. Significant grant funding opportunities have been procured by our dedicated staff to enhance training and equipment. Because of these many enhancements, the Washington State Survey and Rating Bureau recently improved our insurance score from an 8 to an unprecedented 5 providing for a significant reduction next year in our communities insurance premiums.

I am honored to have the endorsement of the Arlington Rural Volunteer Firefighters Association.

I would greatly appreciate your vote and support.

Thank you,

North County Regional Fire Authority - Proposition No. 1

Ballot Title

Emergency Medical Services Property Tax Levy

Will North County Regional Fire Authority (“North County Fire/EMS”) be authorized to impose a PERMANENT regular property levy of fifty cents (\$.50) or less per thousand dollars of assessed valuation?

Yes
No

Explanatory Statement

Proposition No.1 is a resolution to establish a PERMANENT EMS levy. Almost 81 percent (81%) of the emergency responses of North County Fire/EMS are for emergency medical service. Funds raised by this EMS levy will only be used to provide emergency medical services, including training for EMS personnel, EMS-related equipment, supplies, and vehicles needed to provide emergency medical services. The levy amount will continue at the rate of fifty cents (\$.50) or less per thousand dollars of assessed valuation. Voter approval of Proposition No. 1 will provide funding for North County Fire/EMS to continue providing emergency medical services at current levels of service.

Argument in Favor

Voting ‘YES’ for Proposition 1 will continue funding Emergency Medical Service (EMS), including Basic and Advanced Life Support using Firefighter/EMTs and Paramedics that can perform life-saving procedures. The EMS levy will expire if not renewed by voters.

North County Regional Fire Authority, known as “North County Fire/EMS,” provides fire suppression and EMS to 25,000 people over 107 square miles. EMS is its most used service. In 2014, almost 75% of the 3,826 emergency calls it responded to were EMS related. As of the first quarter of 2015, that number increased to more than 80%.

A vote for Prop. 1 will not increase the levy rate. The rate would remain the same at \$0.50/\$1,000 of assessed valuation. The owner of a \$200,000 home would continue to pay approximately \$8.33 per month for a 24-hour Paramedic response.

Prop. 1 will also remove the expiration date for the EMS levy. Currently, the EMS levy has to be renewed every six years.

The removal of the expiration date will save taxpayers money and stabilize funding for long-term planning in the fire district. Election fees can cost \$22,500 every time our fire district needs to be on the ballot. Right now, North County Fire/EMS is one of only seven fire districts in Snohomish County that still has an EMS expiration date - 21 other communities have elected to have a permanent levy.

Please vote ‘YES’ to approve Prop. 1 and continue EMS!

Snohomish County Public Transportation Benefit Area Corporation (Community Transit) - Proposition No. 1

Ballot Title

Transit and Mobility Improvement 0.3% Sales and Use Tax Funding

The Board of Directors of the Snohomish County Public Transportation Benefit Area Corporation (Community Transit) adopted Resolution No. 08-15, concerning the imposition of an additional sales and use tax. This proposition would authorize an additional sales and use tax of three-tenths of one percent (0.3%) to fund operating, maintenance, and capital improvements to the existing system. These improvements would include more bus trips and better connections, operation of a second line of Swift bus rapid transit between Boeing/Paine Field and Canyon Park, and new service to current and emerging job, retail, and educational growth centers, including connections to the future regional light rail network. Should this proposition be:

Approved
Rejected

Explanatory Statement

If approved by the voters, this proposition would authorize Community Transit to impose an additional sales tax of three-tenths of one percent (0.3%). The proposed tax would provide more commuter bus trips to Seattle, increased east-west service along busy corridors, and new routes to job, housing, and educational centers across Snohomish County. It would reduce wait times and provide more trips during mid-day, evening and weekend hours. In addition, the proposed tax would fund a second *Swift* bus rapid transit line connecting the major job and population corridor between Boeing/Paine Field and Canyon Park. Community Transit would also provide new service to the future light rail network.

Argument in Favor

More Transit Means Less Traffic Congestion

Snohomish County is one of the nation’s fastest growing areas, resulting in longer commutes and traffic gridlock impacting our families and quality of life. We need transportation solutions that reduce congestion and move people efficiently. Community Transit bus, vanpool and paratransit service is critical to meeting current and future transportation needs.

For less than \$3/month for an average voter, Proposition 1 will meet rising demand for transit, improving mobility for students, seniors, commuters, and people with disabilities across our County.

Proposition 1 will provide:

- More trips on existing bus routes, reducing wait times between buses;
- Longer daily transit service hours, including evenings and weekends;
- A second Swift rapid transit line between Boeing and Canyon Park;
- More vanpool and DART service;
- New routes and service throughout the county, including frequent connections to future light rail.

Accountable and Efficient

It’s been 15 years since Community Transit asked voters for more revenue. Careful planning and oversight helped weather the recession. But gridlock and growth mean we must invest in more buses and increased service.

Supported by Leaders You Trust

Whether you ride transit or not, these improvements will help our economy and quality of life. That’s why Prop. 1 is endorsed by United Way of Snohomish County; Economic Alliance of Snohomish County; County Labor Council; State Senators Liias, McCoy, Hobbs; State Representatives Moscoso, Ortiz-Self, Peterson, Robinson, Sells, Stanford; Mayors of Arlington, Edmonds, Lynnwood, Marysville, Mountlake Terrace, Mukilteo, Stanwood; and more!

Vote Yes on Proposition 1.

Statement by: Crystal Donner, Jennifer Gregerson, Marko Liias

Response from Committee Against

CT wants us to believe their effort will “mean less congestion” so they are trying to provide something for everyone in hopes that voters will approve this tax increase.

The economic outlook is good for Snohomish County and CT wants us to believe we have “weathered the recession”. Some forecast another recession in the future.

Is CT really “Accountable and Efficient” while taxpayers subsidize them at such a high rate?

Vote No on Prop 1!

Statement by: Jeff Scherrer, Nathan Shelby

The statements are printed as submitted.

Argument Against

Community Transit could manage spending better before asking taxpayers to subsidize service even more than they already do.

Community Transit wants to add another 0.3% Sales and Use Tax to the 0.9% sales tax most Snohomish County residents already pay for local and commuter bus service. In addition, taxpayers pay 0.3% Motor Vehicle Excise Tax for Sound Transit who will be asking voters for more taxes next year. Community Transit’s own 2014 projections are for an average 4.5% income growth yearly through 2019.

With a similar size area and half the population, Spokane’s transit agency ridership is greater at a lower cost and they provide more than 3 times the hours of local bus service at those lower costs.

Even King County Metro’s and Pierce Transit’s costs per trip are almost half that of Community Transit.

Snohomish County taxpayers subsidize riders who pay \$2 for a trip that costs \$9.10.

Even the state Department of Transportation says Community Transit is one of the most expensive transit agencies in the state for its size.

Increasing transit taxes on working families will hit Snohomish County residents especially hard. Do not support more taxes for Community Transit until they budget their spending better.

Community Transit needs to learn to operate within its means.

Vote no to raising Community Transit taxes.

Statement by: Jeff Scherrer, Nathan Shelby

Response from Committee in Favor

Opponents ignore growth that’s causing more traffic, and stress on families and businesses. They also skew the facts. While other transit agencies have made multiple voter requests, Community Transit cut overhead and made efficiencies – earning public trust. But growth and traffic means we simply need more transit service.

That’s why nonpartisan United Way and Economic Alliance support Proposition 1, as well as Executive John Lovick and more. Vote yes for more transit and less traffic.
